DIRECTOR NORTH HAS GREAT POWER IN CENSUS WORK(Special from United Press.)
Washington, April 28.—S.M.D. North, Director of the census, will not be forced to resign nor will he be released from his position. This statement was made to-day by an official who is in a position to know. Senator Root explained the whole matter to the President and said that it was the intention of Congress to give the Director of the census with more power than the head of any other government bureau because of the emergency character of his work and its highly technical nature with which a cabinet member could not be expected to be familiar. A bill is presented in which it is made very clear as to just what the Director of the census has and the Director is to be exercised and just where the Secretary of commerce and labor may exercise jurisdiction over the census bureau.

It is understood that the bill will be changed as to its administrative features to meet this point but that it will not be shown any of his power. Secretary Nagel is understood to be perfectly in accord with this settlement of the difficulty. Both the President and the Secretary of commerce and labor are understood to be in accord with this settlement of the difficulty. Both the President and the Secretary of commerce and labor are understood to be in accord with this settlement of the difficulty.

MR. ERICSON'S OLD HOUSE.
Goo see it, it's a beauty. It stands out among all its neighbors, because the coloring is so bright and clear. Mr. Ericson painted with L. & M. Paint and says it cost 1-3 less than ever before. He bought only 12 gallons of L. & M. Paint and 9 gallons of Linseed Oil to mix with it. This made 21 gallons of pure paint, and cost only \$1.25 per gallon. It's as handsome as the finest in town. The L. & M. is sold by: Harry Rider, Bridgeport, Ct.; Northrup Bros., Southport; D. C. Clark, Shelton; T. P. Perry & Son, Ansonia; M. T. Gregory & Son, Milford.**Delaware County, Indiana, Votes to Close Saloons**

Muncie, Ind., April 28.—Delaware county voted dry by a majority of 2-800, yesterday, Muncie, the county seat, giving the "dry" a majority of 218. Muncie is the largest city that has voted on saloons. Eighty-two saloons will be closed.

O'Donnell, who are now here for the purpose of effecting an amalgamation of the order abroad with the division of the order in the United States. President O'Donnell of the Leinster division of the regular section has already started for New York.

INFLAMMATORY RHEUMATISM CURED IN 3 DAYS.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried Dr. Detchon's Relief for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by Curtis Pharmacy, 1149 Main St. cor. Elm.

Washington, April 28.—With befitting ceremonies, belated honors were today paid to the remains of Major Pierre Charles L'Enfant, the distinguished official who had most to do with the designing of the city of Washington. Disinterred from the grave on a farm in Maryland where they have been resting for the last century, the remains were escorted to the capitol by a squad of soldiers at nine o'clock to-day and there lain in state in the rotunda until noon.

Brief ceremonies which were attended by President Taft and other distinguished guests were held over the remains of the Frenchman in the rotunda of the capitol. The remains were transferred to the Arlington National cemetery where the final interment was made. They were escorted out of the capitol by the district commissioners, a military guard furnished by the War Department and an honorary escort composed of members of the Society of the Cincinnati of which Major L'Enfant was a member; the Columbia historical society, the Washington Society of Engineers; Sons and Daughters of the American Revolution.

The line of march to the cemetery along Pennsylvania avenue and M street was decorated with American flags at half staff. Congress appropriated \$10,000 for the erection of a memorial over the grave.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Kidney Pills. I think it is the best remedy for constipation and liver trouble. It is a pleasant and effective, and is a splendid medicine for the system and clears the complexion. F. B. Brill, local agent." *135

WEALTHY ITALIANS TO BUY AEROPLANE(Special from United Press.)
Rome, April 28.—M. Pirelli, a wealthy manufacturer and well known of Milan, Italy, began negotiations to-day with Wilbur and Orville Wright for the Italian rights to their aeroplane. No agreement has yet been reached. It was reported that an offer of \$200,000 has been made but as this is twice the price for which the Wrights sold the French rights the figure is believed to be too high. The Wrights are expected to leave for London to-day.**PRICE OF A DOG LICENSE TO GO HIGHER**

Only three days remain for the payment of dog licenses before the extra penalty fee of \$1 will be put into effect for delinquents. The office of the town clerk is being kept open evenings until 9 o'clock for the benefit of dog owners who are not able to get to the office in the day time without leaving their place of employment. There were 300 licenses issued yesterday, making a total of 1,500 licenses issued out of a possible 3,700.

We often wonder how any person can be persuaded into taking anything but Foley's Kidney Pills for their kidney and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. F. B. Brill, local agent." *135

PLOT TO ASSASSINATE FRENCH PRESIDENT FOILED AND MAN ARRESTED(Special from United Press.)
Monaca, April 28.—The police of the Principality today arrested a man whom they declare was about to start for Paris to assassinate President Loubet. The details of the alleged plot have been made public but it is intimated that other arrests may be made. Whether there is a connection between the men under arrest and the suggested anti-administration demonstration and strikes planned by the laborites of France for May 1, cannot be learned.**ELECTRIC EXPLOSIONS PUT GREENWICH IN DARKNESS**

Greenwich, April 28.—Two terrific explosions and a sudden illumination of the sky in the southern part of Greenwich at 7 o'clock last night was followed by the extinguishment of every electric light in the city. A new dynamo in the Connecticut Electric Light and Railway Company plant was connected yesterday with the main line leading to the New Haven railroad's Coscob power plant, and when the switch was thrown on last night the explosions and illumination.

NEW MILFORD MAN ILL.

Hartford, April 28.—Homer Row of New Milford became sick on State street late yesterday afternoon and after he had been taken to the police station he became delirious. On the way to the Hartford Hospital he grew violent and gave the officers quite a tussle. At the hospital it was said that he was suffering with a nervous trouble, but would recover in a few days.

HOT AIR EXPLOSION IN FACTORY FIRE(Special from United Press.)
Salem, Mass., April 28.—The main factory of the A. B. Clark Company located on Union Street, Peabody, was destroyed by fire at 3 A. M. to-day and caused a loss estimated at \$150,000. It was a spectacular fire, the flames illuminating the sky and could be seen for many miles. At 4:30 a terrific explosion occurred in the dye house blowing out all the glass but the firemen escaped unhurt.**Mill Plant Destroyed**

Buffalo, April 28.—Fire this morning destroyed the Husted Milling Company's plant with a loss estimated at \$150,000.

FARMER RUNS AMUCK.

Torrington, April 28.—William A. Squires tried his best to kill somebody on his farm near the town line on Monday night. After partying with wife over the head with a poker he fired a shotgun at his daughter and fled to a barn, where he was captured.

During the spring every one would be benefited by taking Foley's Kidney Pills. It is a splendid medicine for the system and clears the complexion. F. B. Brill, local agent." *135

NEWTOWN.

Miss Eleanor Cavanaugh and Miss Helen Hawley, graduates of the Newtown High school who this year finish their course at Syracuse University have just returned from the required "Library" trip, chaperoned by Mrs. Sibley of the Library department of the University. The party numbered about 20 and the cities of Washington, Baltimore, New York, Newark, East Orange, Philadelphia and several others were included in the trip. At Washington they were received by President Taft. The accounts of the trip and reports of library investigation are very interesting and the members of the two young ladies will be glad to hear of their success.

The Men's Federation of the Congregational church had a pleasant and successful meeting Monday evening. The speaker for the occasion was J. Herbert Johnson of New Milford. Refreshments of sandwiches, cake and cream were served. About 30 were present.

Mrs. Alice Wildman, the well known nurse is now located in a part of the residence of Miss Anna Gladman. James Madigan spent Monday night with Bridgeport friends.

AGONY OF ECZEMA BEING TORTURE

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible agony I suffered with it. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony were so terrible that I could not sleep. I was completely cured by Cuticura. I took Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a few days the sores began to heal, and my hair began to grow again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this matter, tell them to write to me. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."
